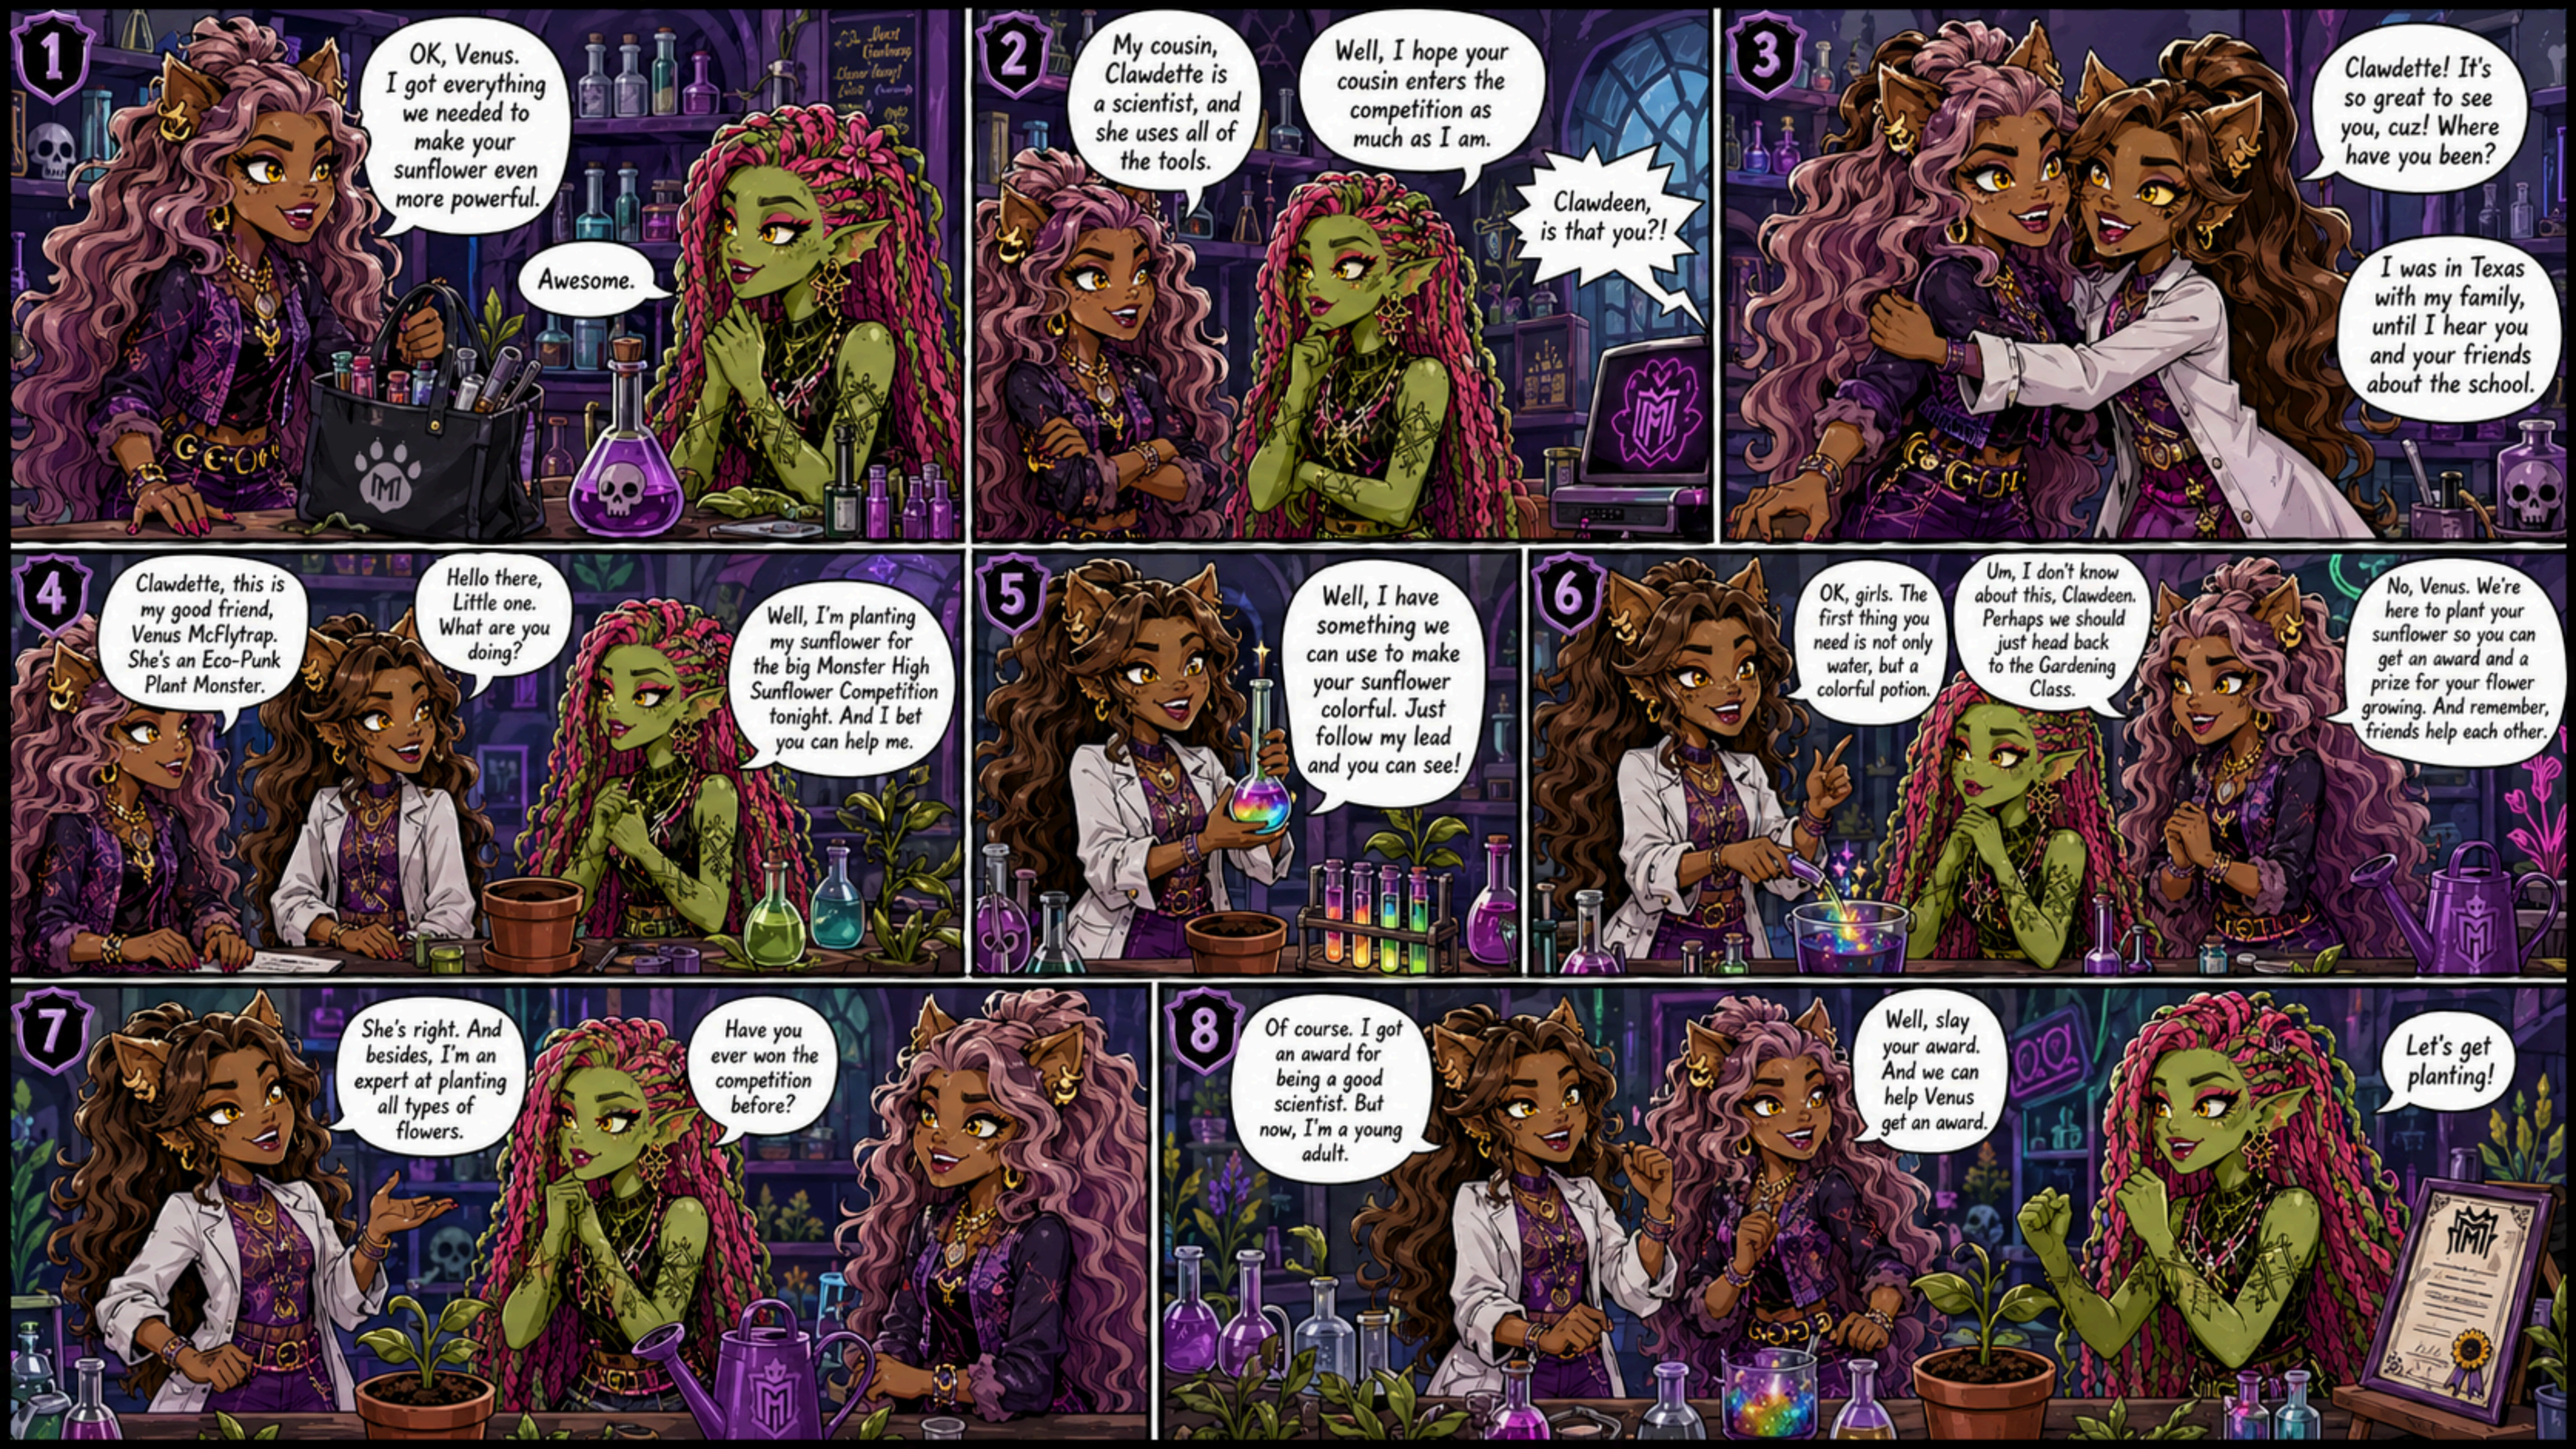
I don't know about you guys, but we make up a good flower growing ever since we're in middle school.
I love gardening!
Me too, girl. We were in the garden club last summer.
2
Well, except for Venus McFlytrap.
I'm going to go check on you. I'll catch up with you guys later.
3
Hi, Venus. Nice sunflower.
Thanks. I want my sunflower to make it extra perfect for the sunflower competition tonight. I just need to add one more thing. A color changing thing for my sunflower.
4
Wow. I wish I could change my sunflower. Do you need any help?
No. I don't need any help.
5
But, Venus, friends help each other, and they don't let each other down. You're gonna let me help you plant that sunflower and that's the end of it! So either that or you're not gonna be in the competition.
6
Ugh.
Fine. You can help me.
Yay! Thank you so much, Venus! You're the best friend I could have ever asked for!
7
But I'm still gonna be the only one planting a flower.
Aw.
MONSTER SOIL



1
OK, Venus. I got everything we needed to make your sunflower even more powerful.
Awesome.
2
My cousin, Clawdette is a scientist, and she uses all of the tools.
Well, I hope your cousin enters the competition as much as I am.
Clawdeen, is that you?!
3
Clawdette! It's so great to see you, cuz! Where have you been?
I was in Texas with my family, until I hear you and your friends about the school.
4
Clawdette, this is my good friend, Venus McFlytrap. She's an Eco-Punk Plant Monster.
Hello there, Little one. What are you doing?
Well, I'm planting my sunflower for the big Monster High Sunflower Competition tonight. And I bet you can help me.
5
Well, I have something we can use to make your sunflower colorful. Just follow my lead and you can see!
6
OK, girls. The first thing you need is not only water, but a colorful potion.
Um, I don't know about this, Clawdeen. Perhaps we should just head back to the Gardening Class.
No, Venus. We're here to plant your sunflower so you can get an award and a prize for your flower growing. And remember, friends help each other.
7
She's right. And besides, I'm an expert at planting all types of flowers.
Have you ever won the competition before?
8
Of course. I got an award for being a good scientist. But now, I'm a young adult.
Well, slay your award. And we can help Venus get an award.
Let's get planting!

1
So, what do you think?
Well, I'd say this is absolutely... completely... and utterly...
2
PRISTINE!
Yay!
Yay!
3
Clawdette, thank you so much for your help! I really appreciate it!
I'm so happy to have you. Now, I gotta go. Good luck at the competition!
Thanks, Clawdette.
4
Now, Venus, are you ready to win that sunflower competition?
Well, Clawdeen, I may be nervous to see whether I win or not, but mostly I'm excited! So yes, I'm ready!

1
And now, the moment you've all been waiting for... we all have saved the best for last for a gardener who has done a very good job planting their sunflowers. So it's my pleasure to announce the winner of tonight's Monster High Sunflower Competition, and the Sunflower Award goes to...

3
Venus McFlytrap!
4
Woo-hoo! Go Venus!
Way to go, girl!
Alright!

I would like to give a shout-out to my friend Clawdeen Wolf and her cousin Clawdette for helping me learn that we help each other grow a new life.

MONSTER HIGH SUNFLOWER FESTIVAL
Welcome to Monster High Sunflower Festival!
Wow! That's amazing!
It looks similar to the gardening class! Now let's get planting for sunflowers!
2
Venus, I'm very proud of you for what you've done today. That makes my heart beat faster.
Thanks, Clawdeen. And you're right, friends help each other.
3
4
Well, it's great to hear that because I'm impressed!
Clawdette?
But how did you---
5
I was working on my inventions, until I heard that Venus has won the competition earlier. So I want to say congratulations.
Thank you so much, Clawdette. You know, I'm glad that we enjoyed our science lab together.
6
Clawdette, would you like to plant sunflowers with us?
Oh my gosh! I love sunflowers! So yes!
Then follow me!
7
And so, Venus McFlytrap learned that friends help each other. And the festival went well. And her friends get together to plant the sunflowers, and live happily ever after.
8
The end!
That's all folks!

Join your friends, Clawdeen, Draculaura and Frankie Stein as they plant a sunflower for a sunflower competition. Clawdeen Wolf helps Venus McFlytrap plant a sunflower, and together, they help each other.
